

## Helpful Hints for Using a Template

- Right click on the template and click on "Save Image As..."

- A new box will appear to save the file.
- Click the Desktop button on the left and then click Save.
- Open up a design program such as Microsoft Paint.
- From the File section of the toolbar, select Open.
- Find the jpg on your Desktop and the template should open.
- Edit and design the template however you like.
- Save your entry when you are finished.
- Upload the new file to the Submit Entry tab.
